

Forensic Interviewing of Autistic Children

October 18, 2011

This training will address the unique issues presented in conducting forensic interviews of autistic children. Specific topics include communication impairments, social characteristics, the etiology of autism spectrum disorders, and interviewing pitfalls and strategies.

APAAC is able to validate for the parking garage located on the southeast of 1st Avenue and Van Buren. In addition, non-Maricopa County prosecution offices may request that APAAC reimburse for attendees' travel-related expenses. Reimbursement requests must be submitted to APAAC prior to the seminar.

The request must be in writing (electronic submission is acceptable), from the person within the prosecution office authorized to make such requests, and include the name(s) of the individuals seeking to attend and the detailed estimated expenses.
